ALIENS CONTAMINATED OUR ORIGINAL HUMAN DNA

Anatomically modern humans (*Homo sapiens*) have existed for approximately 300,000 years. The oldest known *Homo sapiens* fossils, discovered in Morocco, date back to roughly 300,000–350,000 years ago. While our specific species is this young, our broader human ancestors in the genus *Homo* date back over 2 million years. Reddit +4

I do not trust much of anything in the Old and New Testament. To me it is all misinformation, disinformation and lies written by Jews, Edomites unknown scribes etc., who were trying to establish the Jews as a force to be dealt with. People groups in the Middle and Far East back then thought the Jews were the lowest caste of society. They were thought of as to filthy to associate with by surrounding tribes or nations. Jewish leaders have tried to LIE THEIR WAY TO THE TOP. Why on earth would we trust anything they wrote about in the Bible? Why do we support Israel today when the original WHITE Northern Gentile Nazarene, Galilean Israelites no longer live in Israel? It is Primary Zionists living in and ruling Israel today. The Zionist

were not the original Judah Jews but instead are referred to as FALSE JEWS FROM THE SYNAGOGUE OF SATAN. I do not mean to belittle all Jews, most of them are ordinary people today who are simply "going along to get along."

Those living in Israel today claiming to be Jews are not the Original Judah Jews they began as a Turkish race who would start their reign of terror in Southern Russia known as Khazaria.

In the letters to the early Christian churches of Smyrna and Philadelphia in Revelation 2:9 and 3:9, Jesus makes reference to a Synagogue of Satan (Greek: συναγωγή τοῦ Σατανᾶ, synagōgḗ toũ Satanã), in each case referring to a group persecuting the church "who say they are Jews and are not". The verse has often been used to justify antisemitism. Evangelical scholars broadly disagree with these interpretations, based on the fact that the suspected author of Revelation was likely Jewish. Similar language is found in the Dead Sea Scrolls, where a small persecuted Jewish sect considered the rest of Judaism apostate, and called its persecutors "the lot of Belial" (Satan). The phrase is also used in a fragment of a lost work on Dioscorus I of Alexandria found at the Monastery of Saint Macarius the Great in 1923 and identified by American theologian William Hatch.

If you create a storyline that is fiction but repeat it enough times, people think that the stories are fact. That is what the JROCCC did when they added these fictitious stories to the Old and New Testament. Those stories actually came from a culture that migrated out of Babylon, Sumer etc., in Mesopotamia 12.500 years ago and finally written down about 5000 years. The JROCCC has lied to us about so many subjects including our real human origins.

QUESTION: Have you heard of the Lost Book of Enki. And what are your thoughts on it? *Jason*

ANSWER: Yes, it is certainly an interesting document. It is one of those found in Mesopotamia which give an insight into the beliefs of the groups that stemmed from Nimrod of "Tower of Babel" infamy. There was a bid by Nimrod, with help from the fallen emissaries of Lucifer with whom he consorted, to re-write and present a version of history that would help promote their long term agenda for control of this planet.

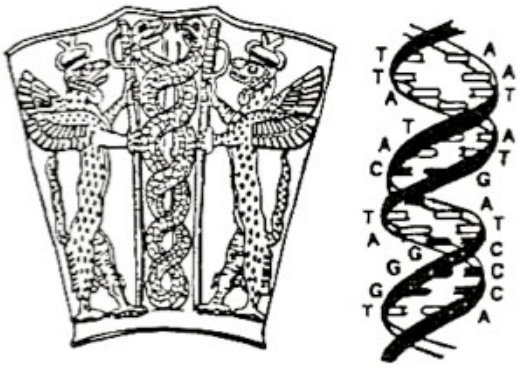
The "Powers that Be" have also lied to us about the origin of mankind claiming that we came out of Africa yet totally ignore our Original ancestors that came out of the North Pole region before, during and after the Younger Dryas, Ice Age, Pole Shift, Flood periods 12.500 -9000 years ago. The Jews, Zionists and the JROCCC have very devious reasons to lie to us. It looks like these different groups focus on promoting the alien human hybrid population in the Middle East that came out of Mesopotamia 6000 years ago claiming that that is where humanity came from. These groups do not promote the origins of ORIGINA MAN.



Here is what I think about human origins using science, archeology, ancient legends and what I believe Jesus taught

After the 2003 completion of the Human Genome Project – which sequenced all 3 billion "letters," or base pairs, in the human genome – many thought that our DNA would become an open book. But a perplexing problem quickly emerged: although scientists could transcribe the book, they could only interpret a small percentage of it.

The mysterious majority – as much as 98 percent – of our DNA do not code for proteins. Much of this "dark matter genome" is thought to be nonfunctional evolutionary leftovers that are just along for the ride. However, hidden among this noncoding DNA are many crucial regulatory elements that control the activity of thousands of genes. What is more, these elements play a major role in diseases such as cancer, heart disease, and autism, and they could hold the key to possible cures.

Scientists have discovered that mankind is at least 300.000 thousand years old. Why would the JROCCC lie to us? Is it because the Jews and the JROCCC are promoting Hybrid bloodline origin's instead?

Our DNA tells us that we were once the PERFECT RACE before aliens added their E.T. JUNK DNA to human beings as a parasitic inhibitor. It appears that we once lived in bodies that were designed to LIVE FOREVER LIKE THE ANGELS. After our DNA became contaminated, our life span dropped down to the length of timeframe we live today. This DNA contamination caused cancer and many other illnesses etc. that would drastically reduce our life spans. Again, from what I have discovered, I do not think original man was meant to die at all.

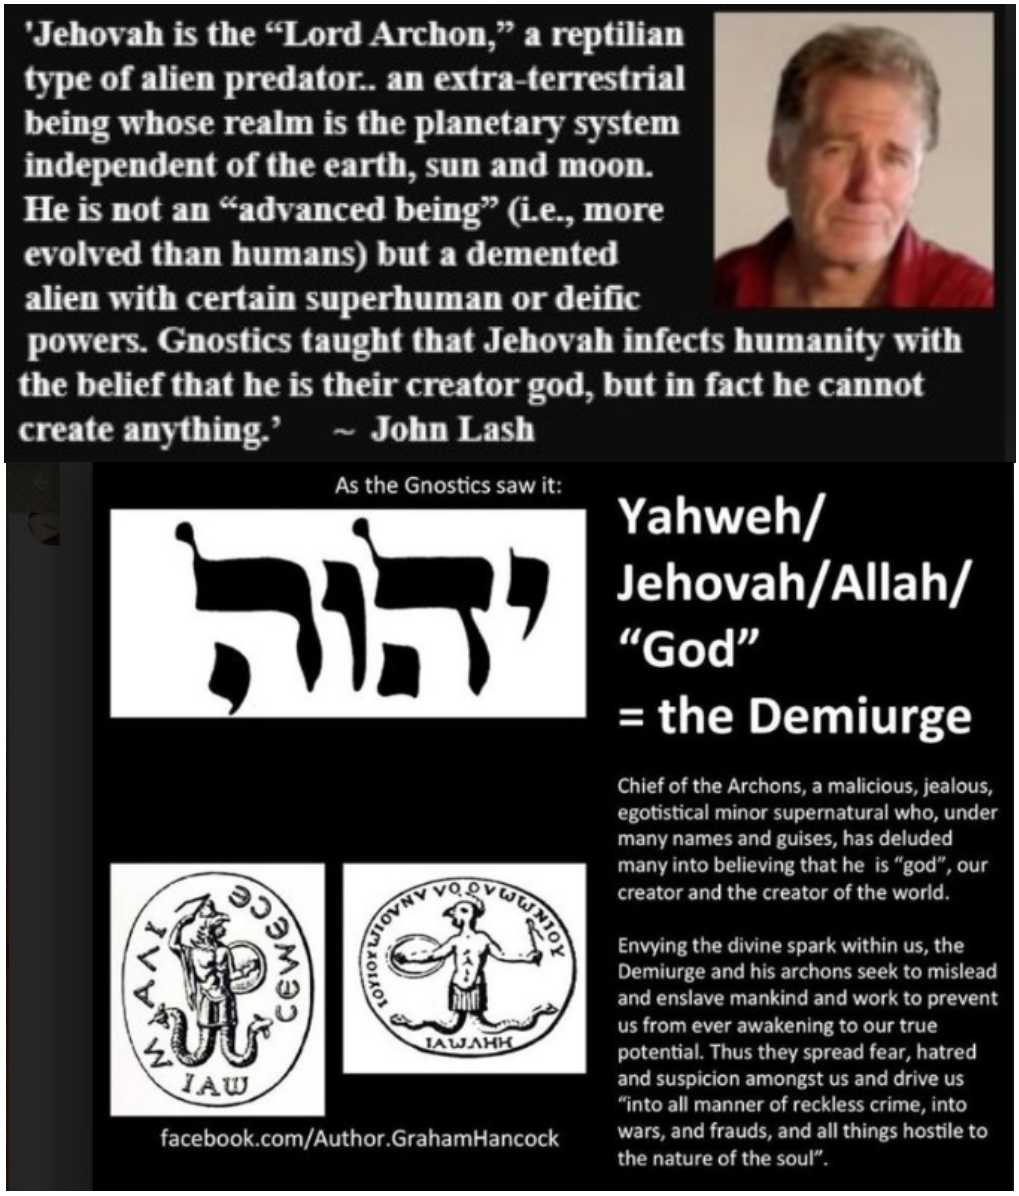
While the exact phrase "you were once incredible" is not directly quoted in the Bible, the message that humans are created with immense value, purpose, and "wonderful" design is a major theme in scripture, particularly in the Old Testament and the teachings of Jesus.

- **Fearfully and Wonderfully Made:** Psalm 139:14 states, "I praise you because I am fearfully and wonderfully made; your works are wonderful, I know that full well." This speaks to the inherent, incredible nature of humanity as God's creation. Facebook
- **Created in God's Image:** According to Genesis 1:27, humans were created in the image and likeness of God, highlighting a divine, "incredible" origin. Facebook
- **Greater Potential:** Jesus told his disciples that those who believe in him would do "greater works" than he did (John 14:12), suggesting a high potential for impact and spiritual accomplishment through faith. Ligonier Ministries +1
- **Wondering at Faith:** Jesus only "marveled" or was "amazed" a few times, notably at great faith (Matthew 8:10). This indicates that when people operate in faith, they display a profound, "marvelous" quality in God's eyes. Facebook +4
- **Potential Restored:** While scripture acknowledges that humanity has fallen, the message of the Gospel is one of redemption, aiming to restore people to that original, designed, and "incredible" purpose through grace. mimbiblestudy.com +4

Essentially, the Bible portrays humanity not as inherently worthless, but as originally created with high value, marred by sin, yet given the potential to be redeemed and do "greater" things through Christ.

Jesus tells us the same basic thing. That we were once an incredible race, or words to that effect and that we will be again soon. It looks like this transfiguration that is coming soon will return or replace our bodies with invincible bodies so that we will be like the angels meaning that aliens will not be able to contaminate our bodies again. It sounds like our electromagnetic fields will be so fabulous that we will be able to heal ourselves and others. This coming transfiguration will be a dramatic, glorious change in our body form and an upgrade in our ability to communicate with Jesus and the WATCHERS.

Jesus tells us that we will be able to do more than he did and that our bodies will become a masterpiece once again.



'Jehovah is the "Lord Archon," a reptilian type of alien predator.. an extra-terrestrial being whose realm is the planetary system independent of the earth, sun and moon. He is not an "advanced being" (i.e., more evolved than humans) but a demented alien with certain superhuman or deific powers. Gnostics taught that Jehovah infects humanity with the belief that he is their creator god, but in fact he cannot create anything.' ~ John Lash
As the Gnostics saw it:
יהוה
Yahweh/
Jehovah/Allah/
"God"
= the Demiurge
Chief of the Archons, a malicious, jealous, egotistical minor supernatural who, under many names and guises, has deluded many into believing that he is "god", our creator and the creator of the world.
Envying the divine spark within us, the Demiurge and his archons seek to mislead and enslave mankind and work to prevent us from ever awakening to our true potential. Thus they spread fear, hatred and suspicion amongst us and drive us "into all manner of reckless crime, into wars, and frauds, and all things hostile to the nature of the soul".

AFTER THESE THINGS I SAW ANOTHER ANGEL COMING DOWN FROM HEAVEN, HAVING GREAT AUTHORITY, AND THE EARTH WAS ILLUMINATED WITH HIS GLORY. AND HE CRIED MIGHTILY WITH A LOUD VOICE, SAYING, "BABYLON THE GREAT IS FALLEN, IS FALLEN, AND HAS BECOME A DWELLING PLACE OF DEMONS, A PRISON FOR EVERY FOUL SPIRIT, AND A CAGE FOR EVERY UNCLEAN AND HATED BIRD! 3 FOR ALL THE NATIONS HAVE DRUNK OF THE WINE OF THE WRATH OF HER FORNICATION, THE KINGS OF THE EARTH HAVE COMMITTED FORNICATION WITH HER, AND THE MERCHANTS OF THE EARTH HAVE BECOME RICH THROUGH THE ABUNDANCE OF HER LUXURY."

4. - Yahweh was not a "God"

Mr. Biglino's findings reveal that Yahweh was simply one of this group of flesh and bones individuals called the Elohim.
In the Old Testament emerges clearly that Yahweh was himself a flesh and bones individual.
And Yahweh was not even one of the most powerful Elohim. On the opposite, he was one of the less important and less powerful of the Elohim.

Yahweh was given a poor land, and a people to rule which was at the time inexistent: he had to form it and to instruct them, to fight the enemies and to conquer lands.
At the time of Moses (around 1400 BCE) even the language of that people - the Hebrew language - was inexistent: Hebrew as a language was formed four centuries later, at the time of King David.

In Deuteronomy (32:8) it is written that the Elyon - who is the Highest, the leader of the Elohim - decided the allotment of the lands among the Elohim.
The Elyon assigned to Yahweh a people that was (Deut. 32:9-10):

"in a desert land, and in the howling waste of a wilderness"

Yahweh was assigned an unimportant people, which was scattered in a desert land, in a territory devoid of any value or interest.

The Bible tells (Genesis 10:25) that the division of the lands among the Elohim happened at the time of Peleg, who was the son of Eber, Sem's great grandson.
While it is not easy to give a precise date, we could infer an approximate date between 3000 - 2500 BCE.

From history we know that at that time there were well developed civilizations, such as the Egyptians, the Sumerians and the ancient Indians. Yahweh was not assigned those people, those well developed civilizations and a fertile land, he was assigned a desert and barren land and a scattered, unimportant people.
This is clear evidence that Yahweh was one of the less important and less powerful of the Elohim.

I do not believe that Moses existed nor do I believe in the story of a mass number of Jews wandering in the wilderness

for 40 years, or that they crossed the Red Sea after Yahweh Ildabaoth the Demiurge YHWH, their lion-faced reptilian parted the Red Sea. The Lion Faced Reptilian represents the Babylonian Lion and the hybrid serpent DNA these hybrid bloodlines carried that came out of Babylon and Mesopotamia. We know today that the Jews were a small number of desert dwellers who made their way into Israel along with other tribes to settle.

It looks to me like we were once a fabulous race who had direct contact with Jesus until aliens (Elohim Fallen Watchers) began to enter our three dimensional world to contaminate the genome of the human race. The fall of man happened because of ALIEN INTERVENTIONS into our world. It was the SIN OF THE ALIENS aka ANGELS that caused the fall. They were what scientists refer to as the **parasitic inhibitors**.

Invasive Extraterrestrial DNA Parasites

Notice that this hieroglyph above shows aliens contaminating human DNA. They are adding their serpentine DNA so that their hybrid races will be dumbed down and hard wired to them instead.

Scholars suggest Human DNA shows signs of being an Invasive Extraterrestrial Parasite
by Dr. John Chang

http://www.surfingtheapocalypse.net/cgi-bin/forum.cgi?noframes;read=217519

Many scientists have documented that over 97% of Human DNA does not have a known purpose. This DNA has been colloquially referred to as "JUNK DNA".

Up to 97% of the human genetic information (DNA) is seemingly needless, repetitive "junk" - only about 3% is known to generate proteins, deserving the name "gene". The rest used to be called "junk DNA", lately renamed as "non-coding introns", sometimes labelled by the mysterious, though not very explicit description that these self-similar strands "regulate gene expression".

However, other researchers have not been content to simply classify this predominant part of DNA as "one of life's mysteries". Scholarly groups at the forefront of investigative researchers are gathering details which suggest that DNA may not substantively exist as a "building block of life". Rather, it appears that the substantive function of DNA is to act as a "parasitic inhibitor" and "regulator" of life on planet Earth.

Dr. John Lash documents, for example, in metahistory.org:

Recent work by Russian biologist Piotr Garjajev and some Russian linguistic experts suggests the same thing, and, more specifically, this research may show that junk DNA, rather than being a discard, is “a computer hologram that works with laser-type radiations.” In short, DNA is an extraordinary generator of perceptions, an instrument of virtual reality.

By accepting the link between DNA and emotional and mental activities, we may begin to imagine DNA as a complex program that directs the life process (regulating our metabolism, for instance), but impedes our consciousness from complete manifestation.

Research testimony that includes ancient representations, suggest that DNA was implanted in humanity by

Manipulative Extraterrestrials. The fact that over 95% of DNA does not support vital biological living processes suggest that it is conceivable for biological life to exist without any DNA.

More than 95 % of all DNA, had been first called "Junk DNA" by molecular biologists, because they were unable to ascribe any function to it. They assumed that it was just "molecular garbage". But, if it were "junk", the sequence of the "syllables", i.e. the nucleotides in DNA should be completely random. However it has been found that the sequence of the syllables is not random at all and has a striking resemblance with the structure of language (ref. Flam, F. "Hints of a language in junk DNA", Science 266:1320, 1994), that is alien to humanity. Scientists now generally believe that this DNA must contain some kind of coded information.

You might wonder, what understanding of our human origins could account for the parasitic implanting of DNA into biological life on planet Earth? Indeed, this further inspires the question; who are we? What are our origins; why do we exist' and from that context, where are we going? For starters, it is vital that we as humanity begin to question the "understandings" of reality, that have been presented to us, by elites who have been documented time again, for spinning a "web of deceit". In this context, it is also correspondingly vital to critically consider prospective new insights, irrespective of how much the Establishment responds with denial.

The existence of historical and on-going Extraterrestrial contact with Earthbound humanity, has been at the forefront of this denial. Indeed, the alleged contactees of both Manipulative and Ethical Extraterrestrials offer insights into a context of genetic manipulation within biotic life on Earth.

The article titled "Scholars suggest Extraterrestrial-like DNA fractals floating in the Human Gene Pool" explored fractals as evidence that Manipulative Extraterrestrials may have

sought to genetically manipulate and control humanity. LINK. A group of researchers associated with Fractogene.com document these apparent similar artificial "fractal signatures" across different biotic life forms on Earth:

This uncertainity if "junk DNA" is really "junk", that caught some scientists by surprise, is now history. Indeed, scientists were never quite sure that any part of DNA could be discarded outright, and even the question was raised if introns might play a role in evolution, see Mattick, 1994., Klyce, 2002). The bombshell of the 5th of December issue of the highly reputed Nature 420, 509 (2002) revealed that the 99% of the genes of the mouse have direct equivalents with the humane genes. What does this mean?

FractoGene's pending patent, conceives life on Earth as being linked to a fractal elaboration of a gene by its introns (the fractal model of Purkinje cell was published by Pellionisz, 1989). In so doing, Fractogene seems to have stumbled upon "introns" as Manipulative Extraterrestrial signature of the demonic inorganic mechanical intelligence that ancient pagan Gnostic referred to as "artificial man" or the "archons". Introns, derived from the term "intragenic regions" and also called intervening sequence (IVS), are DNA regions in a gene that are not translated into proteins.

Many studies have documented evidence that introns are either directly or indirectly involved in cancer causation, and other diseases. Mutations in the introns have been specifically linked to cancerous "tumorigenesis progression."

Among the many other intron genetic variations that have been linked to cancer (in this case lung cancer) is a K-ras intron variation involving tandem repeats in the H-ras 3'-untranslated region. Mutations in introns may influence neoplasm development because mutations that occur in introns (or in the DNA sequences that flank the gene) can affect the various steps required for normal expression of the gene even though the intron codes may not be

detectable by studies of the protein product of the gene. If the defective expression of a gene product is a tumour suppressor gene or a proto-oncogene, cancer may result.
